

FKM

**USP****PORTABLE LIFTING GANTRY****A new level of mobility in track construction**

**For safely lifting and moving large switch components and rails.**

The aluminum construction is lightweight and easily to assemble in two widths. The USP was developed in close cooperation with railroad engineers as a user-friendly solution that sets new standards for low weight and simple operation.

**ADVANTAGES**

- > Variable width  
2400 mm / 2600 mm (clearance)
- > Very lightweight design
- > Heaviest part **only** 27 kg

**TECHNICAL DATA**

Length	2800 mm
Width	1200 mm
Height	1980 mm
Weight incl. trolley	90 kg
Max. load	1350 kg

**NEW**

Very low unladen weight

Extra-wide design 2800 mm

Extremely user-friendly
